# Watchi Harvest Fields Work Report ~ October-December 2005

Murphy, Christine, Stephen and Matthew Crowson

## Work Activities

### Week 1 –October 1-9

- I visited a man named Michelle, whose wife had left him six months ago. I had given him some money so that he and a close friend could go and try to find his wife and bring her home. Now I wanted to know how his visit went. He did find his wife, but she refused to come back with him. I prayed for him and his marriage, asking God to reconcile the two together.

Koku, one of the leaders in the church there, got in a brawl with the brother of the other leader in the church in front of the community of men from their village. His character was certainly not that of Jesus Christ and this embarrassed him as a leader and it also embarrassed the church. We had a good long talk about the crisis and worked through the issues.
